(2) Any such bidder, offeror, supplier or contractor or any governmental authority whose interests are or could be affected by the review proceedings has a right to participate in the review proceedings.

(3) A bidder, offeror, supplier or contractor that fails to participate in the review proceedings shall be barred from subsequently making the same type of claim.

(4) A copy of the decision of the head of the procurement authority, or of the Administrative Review Board, as the case may be, shall be furnished within ten days after the issuance of the decision to the bidder, offeror, supplier or contractor submitting the complaint, to the procurement authority and to any other bidder, offeror, supplier or contractor or governmental authority that has participated in the review proceedings.
(5) Where the decision has been issued, both the complaint and the decision shall be promptly made available for inspection by the general public, provided, however, that no information shall be disclosed if its disclosure would—

(a) be contrary to law;
(b) impede law enforcement;
(c) not be in the public interest;
(d) prejudice legitimate commercial interests of the parties; or

Suspension of procurement proceedings.

37. (1) The timely submission of a complaint under section 33 or the timely notification of an intention to complain under section 34 shall have the effect of suspending the procurement proceedings for a period of seven days, provided that the complaint is not frivolous and contains a declaration the contents of which, if proven, demonstrate that the bidder, offeror, supplier or contractor will suffer irreparable injury in the absence of a suspension, it is probable that the complaint will succeed and the granting of the suspension would not cause disproportionate harm to the procurement authority or to other bidders, offerors, suppliers or contractors.

(2) Where the procurement contract enters into force, the timely notification of an intention to complain under section 34 shall suspend performance of the procurement contract for a period of seven days, provided the complaint meets the requirements set forth in subsection (1).

(3) The head of the procurement authority, or the Administrative Review Board, may extend the suspension provided for in subsection (1), and the Administrative Review Board may extend the suspension provided for in subsection (2) in order to preserve the rights of the bidder, offeror, supplier or contractor submitting the complaint or commencing the action pending the disposition of the review proceedings, provided that the total period of suspension shall not exceed 30 days.

(4) The suspension provided for by this section shall not apply if the procurement authority certifies that urgent public interest considerations require the procurement to proceed. The certification, which shall state the grounds for the finding that such urgent considerations exist and which shall be made a part of the record of the procurement proceedings, is conclusive with respect to all levels of review except judicial review.

(5) Any decision by the procurement authority under this section and the grounds and circumstances therefore shall be made part of the record of the procurement proceedings.
